Festival Journeys For 2025!

## 2025 TRIP CATALOG

## DEAR FELLOW TRAVELERS,

This past year was one for the books. We saw a record number of travelers go out into the world joining our mission to utilize travel as a force for good. It is this shared mindset that has helped foster a flourishing community of like-minded world travelers here at Discover Corps. It's truly inspiring to see our diverse groups, spanning various ages, ethnicities and backgrounds, come together around a common interest and return home inspired. That is why we do what we do.

Looking forward, our goal is to continue to elicit that bold statement - *"this trip has changed our lives"* - from our experiences. Our trips are meticulously designed to inspire, broaden perspectives and introduce you to unforgettable people and places across the globe. It's not surprising that this leads to such a profound, transformative experience.

The world awaits. We are excited to share it with you and to come see it through our eyes. Here are a few exciting updates for 2025 & beyond:

- **New Trips to the World's Most Unique Destinations** - A meaningful, conservation-inspired experience to Jamaica? A behind-the-scenes journey through Vietnam's incredible landscapes? Uncovering the stunning beaches and temples of Bali (with a post-trip extension to the Komodo Islands)? We are thrilled to present this refreshed selection of exciting, purpose-filled experiences across the globe! Dive into the catalog to learn more.
- **Flexibility to Make the Experience Your Own** - All of our trips can be made private creating an experience that you can call your own. This is perfect for families or groups of friends who want to share a once-in-a-lifetime journey together. Many trips also feature optional post-trip extensions allowing you to customize your journey and make the most of your time away.
- **An Unrivaled Lineup of Festival Journeys** - This past year our travelers ventured to nearly half a dozen destinations around the world to experience some of the world's most interesting festivals. From Thailand's Lantern Festival to Oaxaca's Day of the Dead, this is truly the pinnacle of the Discover Corps experience! We're excited to continue these journeys into 2025 (and be on the lookout for some exciting announcements for new festivals in the works!).
- **A Growing Discover Corps Family** - They say it "takes a village". From our dedicated team of Travel Specialists at Discover Corps HQ to the passionate network of guides across the world, the Discover Corps family is continuing to expand. At the same time, our community of DC Alumni are flourishing with many joining their fourth, fifth (and even thirteenth!) trip. We are excited to welcome you into our community!

I've said it over and over, very few things in life are as transformative as travel. We hope this year's catalog will inspire your next adventure. Get out there and embrace the unexplored! this year's catalog provides the inspiration you need to make your travel dreams a reality.

# OUR COMMITMENT TO RESPONSIBLE TRAVEL

## OUR B-CORPORATION STATUS

We are a certified B Corporation (or Benefit Corporation), which means we have passed a rigorous independent audit of our social, environmental, and legal practices. B Corporations are recognized by the State of California as providing a social good.

## OUR CARBON OFFSET PROGRAM

Most forms of travel generate emissions in the form of carbon dioxide (CO<sub>2</sub>). To combat this, we calculate the emissions from your vacation and present you with the option of offsetting them through projects that would not have been possible without the offset credits you purchase. Discover Corps partners with Native Energy to offer this option to our travelers.

## OUR 5-POINT SAFETY PROMISE

Discover Corps ensures experienced local guides with certified Discover Corps training on safety protocols, safe transportation (where both the driver and vehicle meet a set of standards), comfortable and secure lodging throughout, healthy food and drinks, and vetted activities and services that have been carefully selected for safety and age-appropriateness.

# OUR APPROACH

## Unique Destinations

Discover Corps prides itself on taking you to some of the furthest and most unique corners that this world has to offer. Whether it's to villages tucked into Bhutan's Himalayan Mountains, the famed wildlife reserves of Kenya and South Africa, or the remote Galapagos Islands, we've developed a decades-worth of connections that gives you unparalleled access to the world's most interesting places. This is also where the best travel stories come from – everyday interactions with the people and projects that you interact with along the way. If you are a curious traveler looking to go beyond the beaten path of most tourists, you've found your place.

## Immersive Small-Group Experiences

Our trips are designed to only cater to small-groups. Most trips never exceed 16 people and average around 6-8 like-minded travelers. This is because the best types of experiences happen in intimate settings that connect you with the destination and its people. Also, as our trips provide you with access to unique projects and cultural sites, small groups are the only way to sustainably partner with communities around the world. When you travel with Discover Corps, rest assured that your small group of like-minded world travelers will experience a safe, close-knit experience in some of the world's most unique destinations.

## Distinctive 4-5 Star Lodging

Far from the tourists, this is a living space reserved for you. We hand-select the portfolios of accommodations for each one of our trips. On Signature Journeys, enjoy higher-end boutique hotels that reflect the colors, charm and character of the destination. On our Grassroots Expeditions, and most Cuba trips, stay in more basic lodging which includes a mixture of small, local 3-star hotels, casas particulares (in Cuba) and rustic lodges in the communities.

Each distinctive accommodation provides a warm place to unwind from the day's activities and in a limited number of experiences, rustic lodges in the communities.

## Positive Local Impact

Every Discover Corps itinerary is designed around a unique purpose that connects travelers to local communities in a meaningful way, and gives a deeper understanding of a unique and extraordinary part of the world. These projects range anywhere from a two-hour walk with conservationists collecting data in Kenya, to more involved projects like a 3-day experience caring for elephants in a small village community in Northern Thailand. Regardless of the focus, all of our trips will impact not only the communities we visit, but you and your family in a positive way.

## Family-friendly Pricing

When you travel with Discover Corps, we ensure that families have access to the experiences we offer with reduced children's pricing on all trips for those 16 and younger. Additionally, our pricing is inclusive of all transportation, accommodations, activities, and most meals. There are no extra fees or hidden charges – just peace of mind.

## Handpicked Expert Guides

Our guides aren't your typical tour guides. They're local residents who are experts on the area and its customs. Throughout your trip, they'll share their lives with you, while introducing you to people and taking you to special local places that most travelers would never know existed. We also prioritize keeping our groups small, with the average group made up of about 6-8 like-minded travelers. This allows us to experience things that big tours of people would never be able to, from visits to the studios of celebrated local artisans, to up-close encounters with exotic wildlife.

# HEAR WHAT OUR TRAVELERS HAVE TO SAY...

## ALASKA - THE GREAT EXPLORATION

**We had an amazing first visit** to Alaska with Discover Corps. I went with my two kids who are 6 years old and 8 years old, and we all had such a great time and saw and **learned a lot!** Everything is pretty much **taken care of** and the guide is with you the whole trip.

We have been on large group tours before and this group only had 12 so it was nice to actually get to know everyone. The kids all played well together even though mine were the youngest and the rest were tweens and teens. **This is the first of many Discover Corps tours.**

- Lausanne O.

## OAXACA - WOMEN & GIRLS' EMPOWERMENT

I recently returned from a Discover Corp trip to Oaxaca, MX. This was my third trip with Discover Corps and I will continue to travel with them as the opportunity arises. **It truly was above and beyond from start to finish.** We were a small group and a guide, Rodolfo. We had two days with Nadia from Fundacion En Via. This group offers loans for women to start businesses. They provide strong support and educational classes on how to develop and maintain businesses. **There were so many rich and varied experiences.** A theme that ran through the week was **responsible tourism.**

Another theme was businesses that gave opportunities and employment - with benefits - to local young people in order to give them sustainable support and reason to stay in Mexico. The workshop of Jacobo and Maria Angeles employed and trained hundreds of local people. Another business who shared some of their profits with a program for local youth to go forward, get an education, then be able to make a living in Mexico. **This trip will stay with me for a long time. If you have the opportunity, just go!**

- Barbara F.

## THAILAND - ELEPHANTS & ISLANDS EXPEDITION

Just leaving the sanctuary now and **what a fantastic, moving spiritual experience we had.** We did all the work, there was no problem with stamina, and the people were transcendently kind and wonderful.

**Thanks for offering this trip, it has truly changed our lives** and helps the sanctuary greatly. The elephants were magical and we were able to get to work closely with them and get to know them. **10 out of 10 doesn't get close to the experience we had!!!**

- Terry & Lisa

## SOUTH AFRICA - WILDLIFE CONSERVATION EXPERIENCE

**Our Discover Corps trip to South Africa was amazing.** The itinerary provided was like nothing else that we could have gotten from a regular travel agency. All of the activities were very personal and focused on our family. **We really feel like we got to know the places and the people.** All of the staff at each place was beyond excellent. **We feel like we have made some friends for life.** We did the 10 day safari, the Victoria Falls extension and the Cape Town extension. We are a family who travels worldwide frequently and we were all so pleased with this trip. Our ages are 50, 50, 18, and 11. Hope this review convinces someone else to give this trip a chance!

-Michelle V.

# WHO TRAVELS WITH DISCOVER CORPS?

## FAMILIES

In addition to children's pricing and departures during school vacations, families value the opportunities for their children (including teens) to connect with young people from other countries. Some trips offer collaboration with local students, while other trips provide intimate encounters with native wildlife, but all promise to enlighten and inspire all ages by offering once-in-a-lifetime experiences. The best part? Your family creates memories that will last forever.

## FRIENDS

Reconnect with friends in a way you won't soon forget. Bond over shared experiences, enjoy the time away from the stresses of everyday life, and create lasting traditions. Whether it's a far-away destination scouting for lions or a community project closer to home, there is no better way to gather than putting the right foot forward while traveling abroad.

## SOLO TRAVELERS

While all itineraries are family-friendly, solo travelers also feel right at home on our trips. When possible, we pair you with another solo traveler of the same gender to keep lodging costs down. Alternatively, single rooms are available for an additional fee.

## WOMEN-ONLY TRIPS

Connect with other mothers and daughters or solo women travelers looking for a unique experience with other like-minded women.

## CUSTOM & PRIVATE GROUPS

Traveling in a group of six or more? We can design a custom travel experience and departure date just for you. Corporate retreats, alumni associations, family reunions - you name it, we'll make it happen, all while preserving the authentic, inspiring moments that define a Discover Corps trip. Plus, those traveling with six or more can enjoy up to \$250 off per traveler!

## ALUMNI

Our alumni are some of our most loyal travelers. Not only do alumni enjoy a \$250 discount per person when traveling with us again and again, but they can now earn free travel with our Discover Corps Referral Program. Just our way of saying thank you to those spreading our mission. More details included in the Trip Calendar in the back of this catalog.

# TYPES OF TRIPS

## SIGNATURE JOURNEYS

These are Discover Corps' signature Vacations with Purpose designed to take you behind-the-scenes to experience a destination on a whole new level. These trips tend to include little to no hands-on volunteer work, but instead focus on high-end cultural immersion and access to unique people and places only Discover Corps can provide. These are intimate, personal journeys that leave a lasting impression on the traveler and communities alike. Each trip features a portfolio of handpicked boutique hotels that are locally-owned and reflect the colors and charm of the destination.

## GRASSROOTS EXPEDITIONS

These are Discover Corps' boots-on-the-ground trips that are developed around specific projects and communities. Grassroots Expeditions typically include more extensive volunteering which often includes projects that we've been involved with for years and even decades. These trips are designed to take you a step beyond the typical trip and connect you with fascinating solutions to some of the world's most important issues. The experience is balanced with immersive cultural activities and visits to some of the destination's must-see places. Our grassroots lodges tend to consist of 3-star locally-owned hotels.

## FESTIVALS

Go on a different kind of adventure through our Festival journeys! What better way to experience a country than through some of its most unique festivals and celebrations? As with all of our trips, we'll provide unrivaled access to people and places during these festivals as well as a high-end, immersive itinerary so you see all of the must-see sights along the way. From Oaxaca's Day of the Dead to Cuba's Havana Jazz Festival, make sure you book ASAP because these trips, operate once a year, are limited to a set amount of travelers and sell out fast!

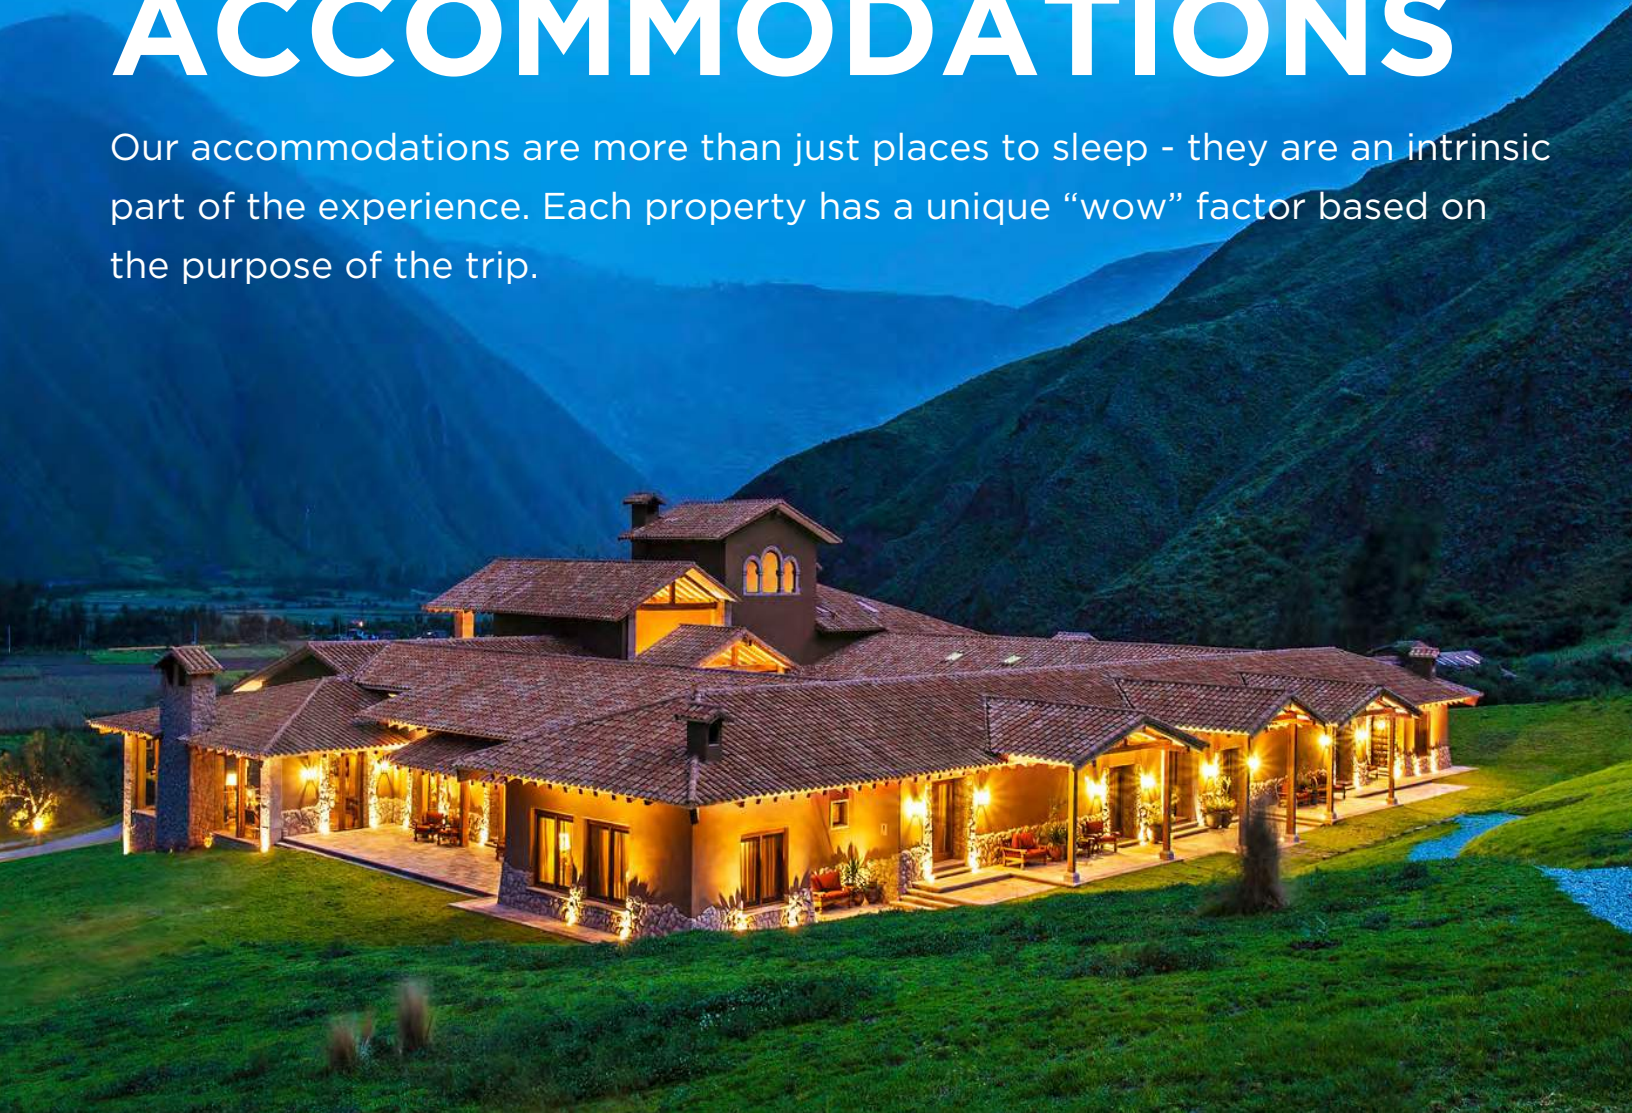

## POST-TRIP EXTENSIONS

Many of Discover Corps' trips feature optional post-trip extensions to interesting places in the destination or region. Visiting Thailand? Why not extend your journey to the UNESCO World Heritage site of Angkor Wat. Headed to the Galapagos Islands? Add-on 5 nights in the Amazon Jungle at a luxury rainforest lodge. These extensions are specifically designed to create a seamless experience (yes, we arrange the regional flights!) and show you some of the most magical corners of this earth!

# DISTINCTIVE ACCOMMODATIONS

Our accommodations are more than just places to sleep - they are an intrinsic part of the experience. Each property has a unique “wow” factor based on the purpose of the trip.

# LEVELS OF ACCOMMODATION

Your accommodation can sometimes make or break your travel experience. This is your home-away-from-home, and we recognize that everyone has different wants and needs. Unlike other travel companies, Discover Corps' hand-picked accommodations vary greatly from trip-to-trip, but all have passed our standards of safety, cleanliness, comfort, and reflect the unique charm and character of a destination.

To help you select the trip that's right for you, our accommodation options have been assigned to one of three categories that correspond to star-ratings from major US travel sites like Expedia and Travelocity.

## **PREMIER** *(5-star luxury)*

Majestic, one-of-a-kind lodges that redefine luxury. Expect to find eco-lodges near wildlife viewing, luxury tented camps in the savannas of Africa, and hotels with gorgeous grounds, swimming pools, and easy access to nearby cities, always reflecting the best of the local environment.

## **STANDARD** *(3-4 star boutique hotels)*

Clean, safe, and comfortable properties in distinctive locations. Whether the proceeds go back to support the local community or you are walking distance to the hidden local beach, your stay will offer a unique angle and add to your experience.

## **RUSTIC** *(local lodges with no star rating)*

For the adventurous, stay off the beaten path. While still passing all safety and comfort standards, these lodges are often found in remote locations due to the nature of the trip - think camping on a remote island or thatched roofed huts at an elephant sanctuary.

"Our family trip to Costa Rica was an **absolutely amazing experience**. Discover Corps was incredibly easy to work with early on from booking the trip, organizing the flights, answering questions along the way, up to a debrief upon arrival home. In addition, Discover Corps provided a trip and an itinerary that far **exceeded our expectations**.

We are a family of four with two teenagers. We were paired with other families who also had teenagers. The families that we met and **the friendships that were cultivated in Costa Rica were beautiful**. We had so much fun all together but also had time to be together as our family of four.

Our accommodations and meals well surpassed our expectations. We loved the three gorgeous boutique hotels. The food in Costa Rica is DELISH!! To add, the itinerary was well designed and allowed for us to have an **incredibly fulfilling experience** in Costa Rica.

We are so grateful to have been able to travel to Costa Rica with our family and **we recommend Discover Corp without any hesitation.**"

## LEGAL TRAVEL TO CUBA

Here are a few ways we support the Cuban people:

- **Stay at casas particulares**, or privately owned bed and breakfasts.
- **Eat at local paladars**, or privately owned restaurants
- **Engage in activities that support the people of Cuba.** For Discover Corps, this includes hands-on learning at a local music and arts center, visiting local artist studios, volunteering at a center for special needs children, connecting with local farmers in Viñales Valley, supporting local dance troupes, and more
- **Hire guides and drivers** who do not work for a government agency.

You still need to travel with a tour company in order to travel to Cuba legally, and it is important that you have your paperwork organized. We'll ensure that you have the proper paperwork on file and help you obtain the correct Cuban visa so you can travel to Cuba stress-free! See the island before it changes!

- Stay in stunning luxury lodges near the three Ugandan National Parks
- Visit a local community, coffee plantation and women's charity project
- Walk alongside chimps in the jungle and observe them in their family group just feet away

## GORILLA TREKKING 101 IN UGANDA

Uganda, specifically Bwindi Impenetrable National Park, is renowned for its high concentration of mountain gorillas. With around 400 gorillas, it offers a safe and stable environment for trekking. This is where our adventure takes place, in the heart of the jungle.

### *What do you need to know?*

- Gorilla permits are secured by Discover Corps in advance, so we recommend booking 6 to 8 months early. Trekking requires a minimum age of 15 years.
- Pack essential gear like hiking gear, sunglasses, energy bars, and water. A detailed packing list will be provided by Discover Corps to make for easy planning.
- The trek can take between 1 to 4 hours each way through dense jungle and requires physical endurance. Porters are available to assist you during your journey.
- Expert guides, porters and armed rangers ensure safety. The gorillas are habituated to human presence. Medical insurance and emergency evacuation are included. Ensure you have vaccinations, a valid passport and visa.

Learn more about the ins and outs of gorilla trekking and FAQs on our website [here!](#)

# Asia & Australia

Spanning the Pacific Ocean lies Asia and Australia, a multicultural melting pot with over 60% of the world's population. If you are in search of diverse cuisine, deep history, and cultural treasures, look no further. The preservation of wildlife is highly regarded throughout these locales and is evidenced by the numerous national parks and sanctuaries that we visit in our portfolio of destinations in the region.

## Importance of Dia de los Muertos

The Day of the Dead festival, or *Día de los Muertos*, in Oaxaca is a deeply meaningful celebration that blends indigenous Zapotec and Mixtec traditions with Spanish Catholic influences. It is a time for families to honor and remember their deceased loved ones through *ofrendas* or vibrant altars, adorned with marigolds, candles, photographs, and are laden with offerings of favorite foods and drinks.

Discover Corps takes travelers behind-the-scenes during this joyous time of the year. The festival's colorful parades, intricately painted face masks, and lively music create a joyous atmosphere that contrasts with the somber remembrance of the dead. In Oaxaca, this festival is not just a memorial but a celebration of life, reflecting the belief that death is a natural part of the human experience and a continuation rather than an end. The communal spirit, artistic expression, and deep-rooted cultural significance make Oaxaca's Day of the Dead a unique and profoundly moving experience.
